“Golden Lives” Crisis Response targets older people in general with a particular focus with a BAMER which is crucial at this time as people from BAMER communities are being evidenced as being disproportionately affected by the CV-19, therefore the older categories have dual vulnerabilities.

Project Support Assistant responsibilities: recruitment, training and engaging a team of volunteers to lead and deliver these community activities and also support the virtual community programme which is a new development of our activity roster.

This role is flexible and can be undertaken at the centre and on a remote-basis.
Activities will operate from Embrace UK

Registered Charity No. 1087526
Company Limited by Guarantee No. 4215772
